## BAKER TELLS HIS STORY TO THE BULLETIN SENATOR CLAY ATTACKS SUGAR TRUST

### TENYO BRINGS IN HEAVY MAIL CARGO

493 Bags Come On Board  
The Japanese  
Liner

Having on board 493 bags of mail, the Japanese liner Tenyo Maru, Captain Bent, arrived this morning from San Francisco, docking at the Hackfeld wharf shortly after 8 o'clock. She brought three lay-over passengers for this port, who will continue their trip to the Orient in the steamer Korea, due to arrive from the coast on the 27th. They are Mr. and Mrs. Joseph Keegan and H. J. Rosencrantz. Among the through passengers are Mr. and Mrs. J. C. Fletcher, who are well known in their city. They are going to the Orient on a pleasure trip. The Maru is taking 2500 tons of through cargo to the Oriental ports. She sails tomorrow morning at 9 o'clock.

### LORD DERBY HERE

The British steamer Lord Derby, Captain P. G. Hendrickson, arrived this morning from Newcastle bringing 198 tons of coal for Elele, Kauai. She anchored off port this morning, awaiting orders from the home office. Before she proceeds to Elele, it is expected that her skipper will make his entry at the Honolulu Custom House. She also brought a small amount of mail for this port.

### GOMES IS INDICTED BY GRAND JURY

Charged With Receiving  
Stolen Goods From  
Peter Nawai

The Grand Jury this morning returned an indictment against John Gomes, who is accused of receiving stolen goods from Peter Nawai. The indictment is also investigating the case of the theft of three Japanese at Elele recently by a fellow countryman named Hakoda Kozaburo. This matter was to have been taken up the last time the Grand Jury met, but by a curious mistake it was supposed that the witnesses, all of whom are Japanese, were not on hand. As a matter of fact, they were in the building all day, but not knowing any better, they sat on a bench in the lower corridor all day while the hall was looking for them in the upper hall.

### ALAMEDA REPORTS

William G. Irwin & Co., general agents for the Oceanic Steamship Company, received the following wireless message from the liner Alameda this morning: "Will arrive about 7 o'clock Friday morning." "POWELL." Attorney C. W. Ashford returned from Hawaii on the Mauna Loa yesterday morning.

### Wireless On P. M. Steamers

The Pacific Mail Steamship Company intend installing the wireless system on all their boats and thus coming into line with all the up-to-date steamers on the Pacific trade. According to one of the officers of the Tenyo Maru the installation of the wireless will be made almost immediately. The local agents of the Company, while not denying the rumor that the wireless system would be installed, could not say for certain when the change would be made, as they had not heard from the head office.

### HAMAKUA LINE SOON UNDER WAY

Superintendent R. W. Filler of the Hilo Railroad Company is in town on business connected with the proposed Hamakua extension. Filler states that preliminary business in connection with the building of the extension is well under way and that the line will be constructed in stages. With the completion of the Hamakua extension, the sugar shipping business of the island of Hawaii will undergo a radical change. Much sugar that now is sent in a round-about way, by water, will be dispatched overland, and big freighters will be able to load at Hilo direct. This will cut out the necessity of loading first onto inter-island boats and then onto the deep sea vessels. The proposed construction of the Hamakua extension is one of the biggest railway projects undertaken in some time and is causing considerable interest in shipping circles.

### SUGAR.

SAN FRANCISCO—May 18.—Sugar: 96 degree centrifugals, 3.95 cents, or \$79 per ton. Previous quotation 3.92 cents. Beet—28 analysis 10s. 6½d. Parity 4.22 cents. Previous quotation 10s. 7d.

### SPECKELS TO TELL ALL.

SAN FRANCISCO, May 19.—Rudolph Speckels was on the witness stand all day in the Calhoun case. Tomorrow Mr. Speckels will give a financial statement of his connection with the prosecution of the graft cases.

ATLANTIC FLEET ADMIRAL. WASHINGTON, May 19.—Captain Comly will succeed Admiral Potter in command of the fourth division of the Atlantic fleet.

Tom King, a tourist, instead of taking in the Fall, took on a cargo of booze, and consequently went into the Police Station on the lops. Rex is out of pocket the sum of four dollars and Judge Andrade was the one who fixed the figure.

### H.H. Rogers Is Dead

NEW YORK, May 19.—Henry H. Rogers, vice president and director of the Standard Oil Company, died today from apoplexy.

H. H. Rogers was born in Fairhaven, Mass., and has been one of the leading financial factors of the country. He came into general public prominence through the advertising given him by Thomas W. Lawson's attack on Standard Oil. He has been a leader in and associated with all the Standard Oil business alliances. He was almost wrecked during the panic of 1907 and has never recovered good health since that time.

### Sugar Is Attacked

WASHINGTON, May 19.—Senator Clay, Democrat, of Georgia, made a speech on the tariff bill today in which he made the sugar schedule a special object of attack. He urged a material reduction in the price of refined sugar, saying that the tariff as it now exists favors the American Sugar Refining Co. or "Sugar Trust," at the expense of the consumer. Clay scored the Sugar Trust.

### 1000 Only Wanted For Plantations

Not more than 1000 men will be wanted for the plantations tomorrow. In spite of the announcement yesterday that more than that number of men could be put to work, the authorities found a good many more laborers at hand than they could possibly make use of. This afternoon R. D. Mead reiterated his statement that 1000 men only could be put to work tomorrow.

### BAKER 'DENIES CHARGES

"It is all a mistake. I am not a bigamist. My father is Charles W. Baker of the Union Stock Yards. I cannot imagine how my check came to be dishonored, as I have funds in the Chicago bank more than sufficient to meet it."

The above statements were made this afternoon by R. M. Baker to a Bulletin reporter. Shortly before, a complaint, charging Baker with bigamy, was filed in the Circuit Court.

### ANCIENT SUIT IS AGAIN IN COURT

The old suit of B. F. Dillingham against Millard F. Scott, which has been in the courts for years, is on again, this time before Judge Robinson.

The case was once carried to the Supreme Court and by that court remanded, after some important rulings regarding accommodation paper had been made.

According to the complaint, Scott, at the time the Kona Sugar Company was in difficulties and in the hands of Humphrey's court, was anxious to get it out of that court and into the Kona court. To do this it was necessary to pay off certain obligations in order to have the receiver dismissed. Scott raised about \$8,000, but was still short \$1,100. He went to Dillingham and tried to borrow this amount. Dillingham said he did not have the money, but would sign a note for the amount needed. This he did, and the note was used in freeing the company from its embarrassment.

But when the note fell due Scott did not pay it, and Dillingham was obliged to do so himself. Dillingham sued Scott for the sum, and, having dragged through the courts for years, the case is now up once more for trial. M. F. Prosser is appearing for Mr. Dillingham, while M. F. Scott appears in his own behalf.

### TAFT AT PETERSBURG.

PETERSBURG, Va., May 19.—President Taft delivered a speech here today at the unveiling of the Hartranft monument erected by the Pennsylvania Volunteers of the Civil War. Petersburg is on the Appomattox river and the scene of Grant's victorious campaign.

ROOSEVELT'S BIG GAME. NADROBI, East Africa, May 19.—Col. Roosevelt's game record for today was one rhinoceros and a hippopotamus.

WE do not believe there is better service and cuisine than The Palm Cafe provides.

### WILL BUY SUPPLIES IN LOCAL MARKET

Commissary General Of  
Army Writes To  
Delegate

Rice, coffee, potatoes and onions, needed to supply the garrison stationed here, will probably be purchased almost exclusively in the local market. Delegate Kubio took the matter up with the War Department shortly before he left Washington, with the result that the Commissary General has announced that such supplies as can profitably be purchased from Honolulu merchants will be secured in the local field.

The following letters were received by Secretary H. P. Wood of the Chamber of Commerce this morning:

Washington, D. C., May 3, 1909. The Chamber of Commerce Honolulu Hawaii.

Dear Sirs:—For your information I enclose you herewith copy of a letter from the Commissary General of the War Department, directed to the Delegate, in response to efforts we have made here to secure more extensive local purchases of Army supplies in Honolulu.

I hope that the local dealers may be able to make such prices on the commodities named in this letter, as to make possible the ultimate extension of local purchases to other than supplies.

Very truly yours,  
GEO. R. McCLELLAN,  
Secretary to the Congressional Delegate.

(Copy)  
War Department, Office of the Commissary General, Washington, D. C. (No. 218125) April 29, 1909. Honorable J. K. Kahanamoku, House of Representatives, Washington, D. C.

Sir:—Referring to your visit to this office in the interests of the merchants of Honolulu, I have the honor to inform you that the matter of making purchases locally has been taken up and a comparison of the prices submitted by the dealers in Honolulu with those obtainable in San Francisco, in order that it would not be to the interest of the government to make a general change in the point of supply. The Chief Commissary, Department of California, has, however, been authorized to direct the purchase locally of rice, coffee, sugar, granulated, potatoes, fresh, and onions, fresh, when the same can be procured with advantage to the government.

Very respectfully,  
(Signed) HENRY G. SHARPE,  
Commissary General.

C. W. Spitz of Nawiliwili, Kauai, is in town, having arrived this morning in the steamer W. G. Hall.

### WAIALUA MEN REFUSE TO STRIKE

Aiea Workmen To Take  
Their Pay And  
Get Out

Ewa, Waialua and Kahuku plantations are running as usual.

Oahu and Honolulu plantations are being carried on by the regular employees other than Japanese and a thousand men from Honolulu.

Mr. Mead reiterates that he needs only a thousand men.

More men are offering to go to work on the plantations than there is work for.

The strikers on Honolulu and Oahu plantations were notified last night that they should either go to work or be paid off and leave the plantations by Saturday. Some have turned in their keys, and a committee has called on Manager Ross to say the men will take their pay and go.

### Ewa's Normal Force.

President R. D. Tenney gave out the following statement at noon today in regard to the status of the labor situation at Ewa plantation.

The number of Japanese at work at Ewa today, the 19th, was 1,575, an increase of 200 over yesterday, and being about 80 below the average turn-out under normal conditions. Operations are being carried on as under normal conditions and general quiet prevails.

### Waialua Won't Strike.

As President of the Waialua Agricultural Company, Limited, he also gave the following statement, regarding the situation at Waialua:

Advices from Manager W. W. Goodale convey the information that last night a meeting of the Japanese laborers was held near the mill, at which meeting there were in attendance representatives or delegates from all of the Japanese camps or villages on the plantation. The meeting broke up about 4 o'clock this morning. A committee of about 60 men, consisting of representatives from the camps and villages above mentioned, was appointed to formulate and prepare a statement of their grievances, and this is to be presented to Manager Goodale tomorrow evening, the 20th inst.

The report is made that the men do not intend to strike, and the meeting is reported as having been quiet and orderly. All operations on the plantations are being carried on as usual.

### Arbitrators Fail.

The Arbitrators of Honolulu are doing their utmost to get the Japanese of Waialua and Kahuku plantations to go out on strike, but have met with no success thus far.

### Turn in Keys.

The notices to go to work or quit and get off the premises were sent to Honolulu and Oahu plantations last night. Meetings were held. Some of the Japanese workmen who had keys to lockers and one thing
